Re: THOMAS VS. J. WALKER, WARD, U.S. DIST. COURT, NORTHERN D. - OF - CALIF. No. 04:08-cv-1778-SBA

Dear Sir(s)/Madame(s): Please be advised that I am/have received your letter(s) and was, somewhat, relieved to learn that (you) are/was contemplating on setting (my), too hastily prepared Petition(s) for furtherance of my pending appeal via the method of the great writ of Habeas Corpus, as is specifically required by this great court - but, a waiting a very necessary document(s) to verify Deft's financial status. Plus, have accepted/ filed under the above docket number(s) - N - holding same in obedience pending (your) decision of whether or not to proceed with the appointment of a more/better counselor than did the County - Of - Santa Clara with only their/the Co's interests in mind the very same situation as their payed Pub. Deft. (s). Plus, the letter(s) informed Deft. that I had to forward to this (the) court a certified/verified copy of my prison trust account stating/showing that I have no readily available funds/money or had no out-side messed savings(s). AS I included along with my petition requesting/certification/furtherance - Of - my appeal - N - for a very necessary/too justified hearing to, possibly, settle an important question(s) - Of - intentional violated U.S. Const. law - e.g.: 1/4/5/6/8 - 11th Am., guaranteed rights. Also, this court/tribunal should be fully aware that it is, almost, virtually impossible to attempt to try-to-process any type - Of - writ/justifiable petition/cause from a jail-in-prison cell - because of the too great amount of pressure/harassment and/or too un-necessary stumbling-blocks placed in one(s) way by, too obviously - minded groups/even, in some cases, a lone individual - ... Maybe, for just spiteful or vindictive/un-ethical motives.

The main reason I requested the court appoint Deft. a competent counselor as provided by the 6th AMS. /strengthened by the 14th Am. - ... Hence, since, by this - N - (my) Orig. first attempted request for a hearing - N - this/tho forth coming date in order to try - N - add to/or clarify the first - ... Submitted as via a supplemental addition thereto, hopefully the addition, too obviously omitted factual grounds that should have been brought to the jury's - N - Superior Court's attention - but, was intentionally avoided - because the said Dep. Pub. Def. had only the Counties welfare in mind - ... seemingly, just as that, would/wanna - have - been a appeals Mr. IF there was any? Notwithstanding (my) mail/communicates are too frequently falsified, for instance the, so-called six dist. app. (s), in/of SC21 - ... Non-existent - N - the Oakland address - on - this (your) letter: I never heard - of - any Dist. U.S. Ct. in same - N - since I literally - travel - every - road, every - which - a - way, in San Jose, I have yet to see/hear/or even know of an app. Ct. near that area - especially, with a suite no.?? But, all that too inhumane/brutal treatment, simply because, I won't plead guilty or ask for a pardon, each time(s) is/was un-necessarily instigated/too ill treatment in an/2 futile attempt to bail that, very spiteful D.A./b. Ent. Agency. But, I have tried to comply - w - your request with all types of - too obvious set-backs. See the attached copy - To - have/get copies/verified of (from the trust office. Plus, I am just now - maybe on 04-23-08) I will be provided with Notary Pub. Services, hope fully, I can mail the said addition wst. verified info./document - Plus, the supplemental petition - w - very imp. exhibits attached thereto - N - I am positive that (you) can/will very easily find that my cons./medical - N - physical rights have been too maliciously violated once-to-offered - ... Deft. absolutely qualifies for redress - Of - too many wrongs v. respect fully

ADDENDUM CONT.

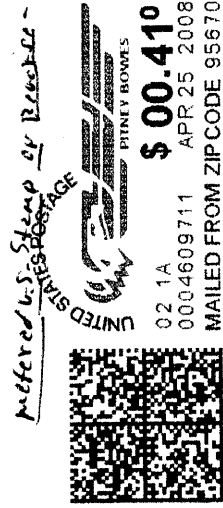

03/17  
 Please, also, ~~be informed~~ that the stated Moterizing did not Moterize Therefore, I  
 attempts to send/mail this letter which would have been, a part of the Exhibits  
 to my ~~the~~ Supplemental Petition For a necessary hearing For allowance of my  
 Certification ~~newly~~ ~~appeal~~ appointment of a more diligent & competent  
 Court ~~solov~~ other than the would-be/purported-one by the County - with  
 only the County's interests at heart in mind. which was too very evident by  
 trial Per. Pub. Def / and the, so-called, alleged Appeals Att. From Alameda, Cal.  
 According to my viewing / listening and/or grammatical dislikes - - - I feel  
 I could have done much, much better on my own Representation! But, the  
 D.A. did every thing(s) to prevent it/same - - - Even delayed the proceedings  
 way-past a proper speedy trial guarantee, where, as, the Sup. Calander Judge  
 very sternly Co-erced the Pub. Def. into convincing Deft. to waive time so the  
 Pros. could prepare it's case - - - Here, again, I speculate(s) / Surmises -  
 That + that where that "Saving-Grace Phrase-Comes In: One's Have To Work To  
 Eat-N-Bet paid To Get By, So Never-Bite-The-Hand-That-Feed-You, How Ever Blue  
 And UN-True It Tends-To-make you!!"

I hope my persistence is not too much of a bother, therefore I desperately/  
 earnestly await your further word of possible acceptance of same. And since I signed  
 the other Form 2 Pauper's Affidavit under the Penalty of Perjury, perhaps under  
 my dire state-of-indigence - & too mentally/physically - & psychologically ill - & stress-  
 mental state by the prosecution - & many other noisy & too psychotically mis-  
 fitted - & pure criminally insane parties - perhaps this (the Court Can/Will -  
 Compermise Fully realizing, Deft's too un-workable / locked-up too tightly/  
 isolated condition? However, it goes I await your/any further instructions/  
 any helpful info. - - - Thank you, hopefully, for (your) Patience - & Understandings!

SAME/J.E.T.

Oh! Yes. my/the Cell I am in keeps getting Burglarized, needlessly, and  
 that letter of/by which (you) requested the Moterizing/Certification - & verifying of  
 the said additional requested document was one-of-the-things that got stolen - - -  
 can/will (you), say-way, half believe that, there is a too petty / insignificant  
 Thief / Thieves in Prison - - - Un-heard-of - - - Only The Good-Guys Go  
 To (Are Sent To) Mexican Imprisonment - - - Or, could-I-Have-Missed-That U-Turn  
 By The Boy-Scout School/Head-quarter In The Nether Lands Or Preque - - - Must  
 Have Been The Wrong Rail-Roading - - - Or, Maybe I Just Got Too Cross-Tied  
 Or The Pros.'s Goo Didn't Slide-Me-by Or, Like-The Little's Angel, I Got Too High  
 - - - Just hoping (All) know, if such a humorous atrocious mis-carriage of  
 any expected Justice such as here by/in is allowed to go un-noticed - I Surely-Die  
 And That - W/O - (Ms.) American Die - Especially, if I / The Falsey Accused (Rarried - - -  
 Accordance-To-Their) Constant Close Surveillance - - - Any wayward criminality  
 under such watch full eyes (scrutiny) would be verbatimly an impossibility - W/O - A-Sigh?
